MESSAGE

From the
Founder Chairman

Health, Wealth & Prosperity are the criteria of a flourishing society. Healthy nation is a wealthy nation. With this noble aim the Founder Directors of Eastern Medical College has established a private medical college and a modern 250 bed hospital attached to it.

Our college campus is well planned with Hospital & Faculty building of different departments having enough space which is free from public gathering representing a real medical academic environment.

I wish to express my enormous gratitude to all who has given enormous efforts in establishing this college. I am also highly grateful to the present Govt. of People's Republic of Bangladesh who has taken an exceptional step by changing the procedure of admission in all Private Medical Colleges of Bangladesh.
