FROM THE FOUNDER CHAIRMAN

Health, Wealth & Prosperity are the criteria of a flourishing society. Healthy nation is a wealthy nation. With this noble aim the Founder Directors of Eastern Medical College have established a private medical college and a modern hospital attached to it.

After a decade it has now achieved the international standard with experienced faculty members. MBBS Course in Bangladesh is preferred day by day by the foreign students.

College campus is well planned with Hospital & Faculty building of different departments having enough space which is free from public gathering, representing a real medical academic environment.

Our strategic plan focussed only on Medical Education. Thanks to all.
