Bangladesh

The beauty with calm nature

Bangladesh a member of SAARC country is located in South-East Asia. On December 16, 1971 with historical dignity of great Liberation War & sacrifice of 3 million martyrs the map of the world was glorified by the birth of a brave nation, Bangladesh. It is a land of evergreen nature, moderate climate, gangoous delta region and history, tradition, society of thousand years. Bangladesh is the darling child of nature decorated with hills, rivers and sea. This is the only nation of the world who laid down their lives to establish the mother tongue Bangla, in honour of which 21st February is celebrated as International Mother Language Day. The longest sea beach of the world Cox's Bazar and one of natural wonders of world the mangrove forest Sundarban is located in Bangladesh. In short, Bangladesh can be termed as- "Gift of nature Asset of blood ..."
